SUING FOR SALARY.

F. J. White Asks \$50,000 From a Burlington Concern.

Burlington, Sept. 27.--Trial of a suit for \$50,000 concerning a large manufacturing company in England and another in France was begun here yesterday. The plaintiff is F. J. White and the defendant is the Lumiere company of England, manufacturers of photographic supplies. The concern was organized by English capitalists, who own the Lumiere company of England. After the factory had been nearly completed, the English company leased it to A. Lumiere and Sons of France. WAS DESPONDENT.

So Patrick Casey of Burlington Shot Bullet into His Mouth.

Burlington, Sept. 27.--Patrick Casey, aged 50 years, committed suicide yesterday, by shooting himself in the mouth. Despondency was the cause. He had been drinking heavily lately and had had trouble with his wife. He was found dead in his shop in the American House block. He leaves a widow and a brother.

James Clark, night watchman on the premises, says he heard Casey about 4 o'clock. The latter had slept in the rear of his shop and Mr. Clark had heard him breathing heavily. No one heard the shooting and it is thought that it was between the hours of four and six o'clock before the neighbors were up. Nothing was found about the dead man's person to indicate the cause of the suicide and no message was left.

Horace Loomis, who had assisted Mr. Casey in keeping his account books said that he had seen the revolver in Casey's shop and extracted the bullet from it, fearing that in his condition at times he might use it. When Chief Russell found the weapon it contained five loaded shells so that Casey had evidently loaded them for a purpose. He was troubled of late with palsy and was extremely nervous which was attributed to his irregular habits.

Mr. Casey had been in the plumbing business for about two years previous to which time he was employed by W. B. Gates as man of all work. He is survived by a wife, a brother, Edward Casey of Middlebury, and two sisters, Mrs. Anna Willett of this city and Miss Kate Casey of New York.

State Auditor's Vouchers Still Being Gone Over

ON THE C. J. BELL ISSUE

Committee Worked Far Into the Night and Resumed Investigation This Morning--Vouchers Thus Far Are Correct.

Montpelier, Sept. 27.--After an investigation which lasted far into the night, the committee which is looking over the state vouchers relative to the charge brought by the Democratic campaign committee against Charles J. Bell, governor-elect of Vermont, went at its task again this morning. They were still in session this afternoon. A most searching investigation is being made of the accounts to see whether Mr. Bell, as cattle commissioner, overcharged the state for his services, it having been asserted during the campaign just passed, that he drew from the state treasury a per diem that would exceed all the days in two years including holidays and Sundays. The committee is being assisted by State Auditor Horace F. Graham and Deputy Miles.

A statement was expected last night, but at midnight the committee reported that it would be impossible to complete the examination of the vouchers. At that time it was understood, however, that the accounts of Mr. Bell had been found to be correct. Last night both Mr. Bell and former Auditor Barber of Bennington were communicated with, and both expressed a willingness that the accounts should be thoroughly examined. This forenoon, the work not having been completed it was stated that no statement would be given out until Mr. Barber had been communicated with again. Last evening Mr. Barber expressed a desire to meet the committee if possible.
